

MainStream Merchant Services Offers Merchant Cash Advance

New service provides customers with low-hassle, volume-based financing

ATLANTA, Jan. 21, 2008 – MainStream Merchant Services, Inc., a leading provider of merchant payment processing solutions, announced today a new merchant cash advance service, providing low-hassle, volume-based financing to its customers.

MainStream's new service enables its customers to access additional capital based on monthly card processing volumes. This enables merchants to access additional funding for important business needs such as remodeling, acquiring additional inventory and meeting payroll. The application process is easier than traditional bank financing in most cases.

"In light of the recent credit crunch, our customers are finding it increasingly difficult to access the capital they need to grow," said Jerome Vignale, president of MainStream.

"Those who are able to access financing are finding the terms they are receiving to be prohibitive. Our merchant cash advance program enables fast access to cash as well as favorable terms and a very manageable repayment."

MainStream provides merchants with a full suite of services including custom gift card programs, PC and Web-based debit and credit card processing and the latest in point of sale (POS) terminals. As an independent sales organization (ISO) of Chase Paymentech, the world's largest merchant acquirer, MainStream's customers also benefit from access to the industry-leading secure, proprietary payments authorization network.

About MainStream Merchant Services

MainStream Merchant Services™, Inc. is a leading provider of merchant payment processing solutions. The company leverages industry experience and competitive rates with the latest in point of sale (POS) terminals to enable customers to make payment processing a competitive advantage – not just an additional cost. MainStream helps merchants to expand revenue opportunities by creating solutions, such as custom gift card programs and PC and Web-based card processing, specifically tailored to meet the customer's needs.

MainStream is a registered independent sales organization (ISO) of Chase Paymentech, the world's largest merchant acquirer. To learn more about MainStream, visit the company's Web site at <http://www.MainStreamMS.com> or call 800-985-0087.
